

## Background

Holmfirth Junior, Infant and Nursery School has over 30 employees and over 80 pcs

## The Challenge

Communication at Holmfirth has always been a challenge. Messages fail to get passed on and things forgotten about. Email was a little cumbersome with some members of staff stating that they never check their inbox.

## Solution

We didnt even need to evaluate other products we knew the moment we tried NetSupport Notify that it was the right product.

## Testimony

NetSupport Notify has really made an impact on communication within the school. As an ICT technician it was quite easy to get left out of the loop - now i feel informed
