

Background

Located in West Volusia, Trinity Christian Academy, a ministry of Trinity Assembly of God, is taking dramatic steps to provide the best in quality Christian Education. Trinity Christian Academy families are part of a thriving, progressive academic environment. This enthusiasm is directly related to experiencing new beginnings which point toward the unlimited possibilities of a bright future. TCA is fully accredited with the Florida League of Christian Schools (FLOCS), affiliated with the National Council of Private Schools of America.

The Challenge

In our high school computer lab, we were faced with students not being on task while utilizing the computer. Students would play games, search websites during inappropriate times, and not have the best intentions while utilizing the computer. I also needed a faster way to grade assignments and be able to utilize presentations without a projector. I am at a private school with a limited budget so using less paper would also help.

NetSupport Solution

Having installed NetSupport School in my classroom has cut my paper consumption by 75%. I can send students my files and we can exchange documents easily. I gave my projector to another teacher because, I can conduct presentations with NetSupport School. Because of NetSupport School, my students FEAR going to an illegal website or doing illegal activity on the school computer. The test maker is awesome. I can spend more time planning my activities than grading tests and quizzes due to NSS.

Testimony

"NetSupport School was a breath of fresh air for my current institution. Having installed NetSupport School in my classroom has cut my paper consumption by 75%. I can send students my files and we can exchange documents easily. I gave my projector to another teacher because, I can conduct presentations with NetSupport School."
